Note: The diagram below confirms that we successfully created the Cloud cli.

A screenshot of a terminal window titled "Terminal". The terminal has a dark background with light-colored text. The command prompt is a green greater-than sign followed by "ibmcloud version". The output is "ibmcloud version 2.12.1+b8488a1-2022-10-31T15:08:10+00:00". Below the output, there is a horizontal bar with several icons (a person, a gear, a refresh symbol, and a checkmark) and a dotted line. The terminal window has standard window controls (minimize, maximize, close) in the top right corner.
